### CP-1

3D-Protector from visco elastic soft foam with outstanding shock absorption values.

Plastic insert at the frontside for maximum protection, air-channels at the inner side for more comfort.

Anatomically perfectly adapted and barely noticeable. High-end engineering for greater safety. \*

### Features

- Protectors are not destroyed by an impact and can still be used
- Protectors are lightweight
- Protectors are washable (remove, hand launder separately / water absorption less than one percent)\*

For ultimate chest protection the CE SAS-TEC chest insert is compatible with all Demon tops found in our Demon X Series, Demon Pro Series, and Demon Shield Series.

Slips securely into internal chest pocket.
